

Venus Flytrap Puppet Construction

1. Fold the paper plate in half.
2. Cut out the “jail bars” using the Venus jail bars template. Save some of the paper plate scraps for #8.
3. Open the paper plate and lay it flat.
4. Color the back, curved side of the plate green.
5. Lay the Venus mouth template in the center of the front, uncolored side of the plate.
6. Trace the template to create the circle in the center of the plate, the finger holes, and the trigger hairs.
7. Cut out the four finger holes.
8. Color two of the pointed scraps red and glue them to either side of the single finger hole as shown on the Venus mouth template.
9. Color the center circle on the front of the Venus flytrap red.
10. Color the outer circle of the jail bars green.

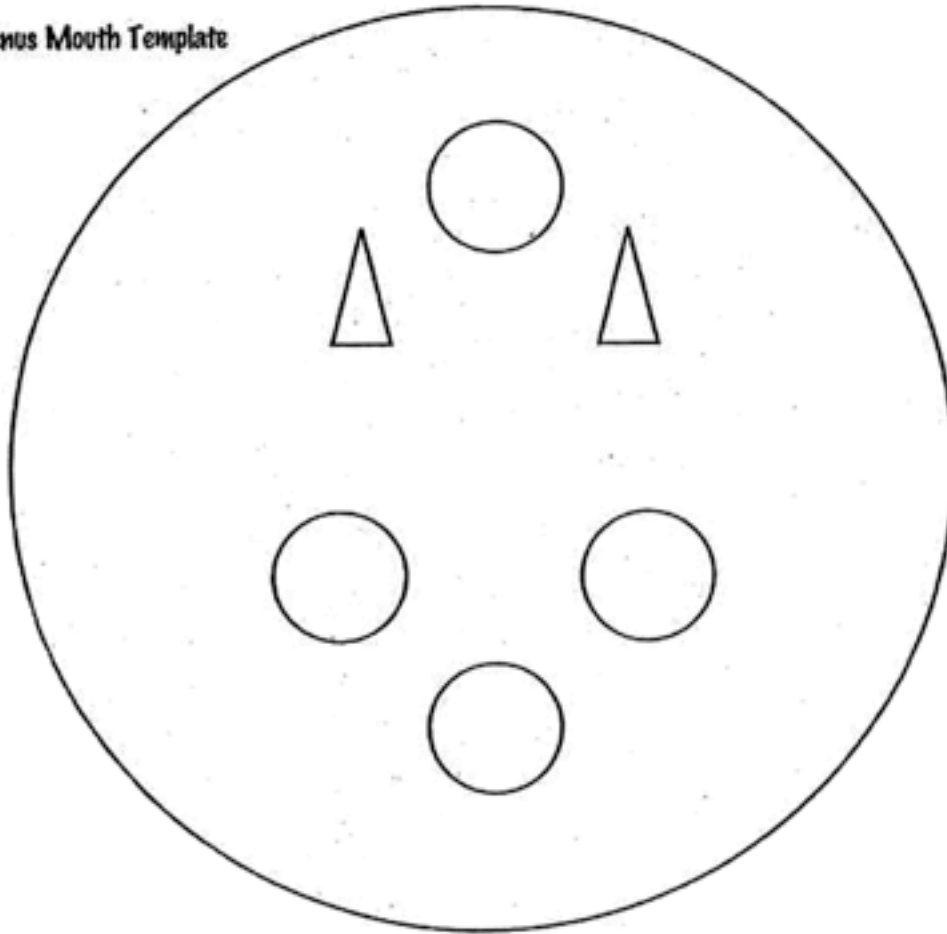

Developed at the University of Wisconsin-Whitewater By Teresa A. Golembiewski
